Fact: St Albans became a walled city in the 2nd century, and a pub in St Albans claims to be one of the oldest “The Fighting Cocks” which is an 11th century building on an 8th century site. The other claimant for the oldest pub is “Ye Olde Trip to Jerusalem” in Nottingham. Great places to visit.

Fact: Pubs serve more then 3.5 million meals a day, making them Britain’s number one choice for eating out at lunchtime.

A good selection of Kinder chocolate has just arrived. We have the Chocolate bars, Eggs and Hippo’s; these are a favorite with the younger children.

Georgia was named in honor of King George II. In February 1733, the first settlement was established when the ship “Anne” landed at Yamacraw bluff in what was to become Savannah. Oglethorpe an English reformer thought this a good endeavor and early settlers came from England, Scotland, Wales and Germany. Georgia was not a penal colony.

Just a reminder that we have a web site now; www.britishpantryga.com , and if you would like us to e-mail the monthly news letter to you please drop us a line.
